

YOUNG TALENT PROGRAM

BUNZL CONTINENTAL EUROPE

The Bunzl Young Talent Program is 18 month during internship within Bunzl for young talents during which they will complete 3 different assignments. Dependent on your talents you will execute these assignments within:

- Digital Technology
- Supply Chain & Operations
- Purchase
- Finance

You are fully part of the team with corresponding responsibility.

Place & Time

Your start will be in the Netherlands with one of our Dutch Bunzl companies with a first assignment. The next 6 months you will be spending at a Bunzl company within Europe, where you will fulfill your second assignment. The third and last assignment can take place in the Netherlands or another European Bunzl company.

By spending time at 3 different companies you will learn about different business operations, cultures and knowledge within one FTE-listed company.

The upcoming program starts January 2nd 2020.

Who

From day one we will appoint a personal mentor, who will guide you during the 18 month internship. He or she will be there for you regardless to which company you are located at the time. Of course, within each individual company there will be a person to coach and guide you as well.

A 360 degrees look on all involved companies will be provided, since you will visit each department within the companies. Besides that you and the other interns within the Young Bunzl Program will attend a meeting every 6 months to share experiences and create a network.

You

You just graduated from HBO or University (WO) and have non or no more than 2 years of working experience.

You are entrepreneurial, have international experience and/or other extracurricular activities such as an internship, run your own business or have a board year.

You speak English fluently and one other European language and are not older than 25.

You have the potential and the capacity to grow and develop quickly and you want to start your career at an international company of size.

We offer

At Bunzl we happily invest in your personal development. This European traineeship contains all ingredients for an interesting career start.

We offer you:

- A starting salary of more than € 2700,- gross per month
- 27 vacation days
